

Brother Anthony was born in San Francisco, CA and grew up in the bay area before his family relocated to the central valley. Upon graduation from high school he returned to the San Francisco area to continue his education.

He has an extensive work background with over 20 years of senior management experience with companies such as ROLM, IBM and Siemens. In 2008, he left the 2nd Level Manager position where he directed and managed over 30 technical project managers, software engineers and system designers.

He has also worked as an Operations Manager and Field Engineering Management Strategic Program/Project Manager. His career has allowed him to be a leader within a variety of industries such as IT, telecommunications and web based organizations.

He is an Entrepreneur and in 2008, he opened up his own video production company named ARAND Video Services. His company provides professional filming, custom cutting-edge photo montage, social media marketing and website design for companies in the Bay Area and Sacramento.

His professional business expertise and knowledge revolves around his Bachelor's Degree in Organizational Behavior with a minor in Change Management from the University of San Francisco, California.

Brother Randolph is the Program Director and oversee the Media Ministry (i.e., Sound, Audio, Social Media) Web/IT and Entertainment Ministries.

Brother Randolph has been married to his lovely wife for 20+ years and they are the proud parents of two children Anthony-Curtis, Tiffany-Nicole and their granddaughter Samia-Brook.
